FOR FURTHER INFORMATION CONTACT: Scott McGuire, Field Operations Engineer, Federal Highway Administration, 200 North High Street, Room 328, Columbus, Ohio 43215, Telephone: (614) 280-6852.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Ohio Department of Transportation, will prepare an Environmental Impact Statement (EIS) on a proposal to replace the Ironton-Russell Bridge (93C) across

the Ohio River and connecting the two communities of Ironton, Ohio and Russell, Kentucky.

The purpose of the transportation improvement is to replace the structurally deficient and functionally obsolete bridge with a facility that meets current design standards while providing safe and efficient travel opportunity. Actions under consideration include (1) replacement of the existing facility on the existing alignment, (2) replacement on an adjacent location and (3) taking no action.

Letters describing the proposed action and soliciting comments will be sent to appropriate Federal, State and local agencies and to private organizations and citizens who have previously expressed or are known to have interest in this proposal. A series of public meetings will be held in the project area. On August 19, 1999 the preliminary corridors under consideration will be presented to the public and, in the year 2000, a public meeting will be held to obtain input on a preferred alignment. A Public Hearing will be held and may also take place in the year 2000. Public notice will be given of the exact time and place of the meetings and the hearing to be held for the project. The Draft EIS will be available for public and agency review and comment prior to the Public Hearing. No formal scoping meeting is planned at this time.

[FHWA Docket No. FHWA-99-5880]

Hours of Service of Drivers; Exemption Application From Hulcher Services, Inc.

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of application for exemption and intent to deny exemption; request for comments.

SUMMARY: The FHWA is announcing its preliminary determination to deny the application of Hulcher Services, Inc. (Hulcher) for an exemption from the maximum driving time limitations in the Federal Motor Carrier Safety Regulations (FMCSRs). Hulcher requested an exemption because it believes the current requirements interfere with the efficiency and effectiveness of the company's core business, emergency and disaster response to railroad accidents. The FHWA intends to deny the exemption because Hulcher did not explain how it would ensure that it could achieve a level of safety that is equivalent to, or greater than, the level of safety that would be obtained by complying with the hours-of-service regulations. Also, Hulcher did not describe the impacts (e.g., inability to test innovative safety management control systems, etc.) it could experience if the exemption is not granted by the FHWA. The exemption, if granted, would preempt inconsistent State and local requirements applicable to interstate commerce.

DATES: Comments must be received on or before August 30, 1999.

ADDRESSES: Submit written, signed comments to FHWA Docket No. FHWA-99-5880, the Docket Clerk, U.S. DOT Dockets, Room PL-401, 400 Seventh Street, SW., Washington, DC 20590-0001. All comments received will be available for examination at the above address from 9 a.m. to 5 p.m., e.t., Monday through Friday, except Federal holidays. Those desiring notification of receipt of comments must include a self-addressed, stamped envelope or postcard.
